

OBJECTIVE:

Computer Science Major, San Francisco State University

EDUCATION:

BS, Computer Science, San Francisco State University, Dec 2018

- **Java:** Advanced knowledge
- **C++:** Intermediate knowledge
- **Python:** Intermediate knowledge
- **Ruby:** Intermediate knowledge
- **HTML:** Advanced knowledge
- **CSS:** Intermediate knowledge
- **Swift:** Intermediate knowledge
- **MYSQL:** Intermediate knowledge
- **Amazon Web Services:** Intermediate knowledge
- **Linux Operating System:** Intermediate knowledge
- **Version Control:** Intermediate knowledge
- **Physics:** Physics with Calculus 2
- **Mathematics:** Calculus 1, Calculus 2
- **Computer Science:** Data Structures, Algorithms, Software Development

EXPERIENCE:

CodePath Technical Program Manager – Sponsored by Facebook (Current)

- Provide technical support for fully functional iOS applications in Swift with XCode
- Ensure students are tracking with the pace of the course and assisting when needed
- Manage in-class operations (attendance, activity flow)
- Attend bi-weekly remote check-ins with CodePath staff
- Advocate for student needs and support

EcoHero Website (2018)

- Collaborate within a team of 6 to create a fully functional website for reporting environmental hazards
- HTML, CSS, and Bootstrap to create a beautiful, easy to use website
- Python integrated with Django for a fully functional backend
- AWS for cloud service platform, a cost-effective solution with high scalability and availability
- Software version control via Git Bash with GitHub to work as a group on individual devices
- Complete all milestones on-time

VelociBux Android Studio Application (2017)

- Collaborate within a team of 7 to create a fully functional application in Android Studio
- Front and back end to development to validate design and ensure correct functionality
- Java, Android Studio, Google and Firebase Databases
- Encouraged a positive team atmosphere to deliver a quality, on-time application
- Presentation and demonstration to multiple developers

SKILLS:

*Programming · Critical Thinking · Complex Problem Solving · Troubleshooting · Strong Work Ethic · Task Management ·
Version Control · Information Technology Generalist · Peer Leadership*
